## National Terrorism Advisory System Current Alerts

Note: [Report changes/updates are in blue](#)

# **SITUATION SUMMARY**

## **Blanca Moisture to Reach Desert Southwest Tue/Wed**

- Moisture associated with Hurricane Blanca will move into the desert southwest early next week, bringing the potential for heavy rain to central/southern Arizona and southeast California by Tuesday. The region will NOT be directly impacted by the circulation center or strong winds associated with this tropical system.

## **SPILL: 15-3189, Carpinteria, Santa Barbara County (New/Final)**

- Summerland Fire Department reported natural seepage has resulted in the release of approximately 50 gallons of crude oil onto city-owned land that has been leased to an independent energy company, Veneco Inc.
- The seepage is near a culvert that leads to the Pacific Ocean and an area where sea lions congregate. The City, Fire Dept., Veneco, Santa Barbara ROSS and HMU have met and reached agreement in the strategy to deal with this natural seepage. Veneco Inc. will build a containment berm to keep any future flow from reaching the culvert area. Due to the extremely slow amount of seepage that has been occurring they feel strongly this will mitigate the issue.
- The above listed agencies will monitor this site in the future and adjust their mitigation needs as necessary.
- This report was made due to the number of area reports from the Refugio Incident and to ensure there was a plan to deal with the situation in case there were future developments at this site.

# SITUATION SUMMARY

## Tar Ball Reports – Ventura, Los Angeles, and Orange Counties

- A separate Incident Command Post was established in the South Bay of Los Angeles and Orange Counties to respond to tar ball sightings in that area.
  - Per the Cal OES Southern Region Duty Officer:
    - The South Bay Incident has concluded.
    - Daily USCG and DFW beach inspections and cleanup have ceased.
    - Operations back to normal procedures for reporting abnormal oil related incidents.
- The ICP for the Refugio Incident is responding to sightings in Santa Barbara and Ventura County. Samples have been collected at all tar ball sites and will be fingerprinted to determine if there is any correlation to the Refugio Beach Incident.
  - Cleanup activity has been completed. Ventura County will continue to monitor incident. There have been no further requests for assistance and no unmet needs have been reported. The Cal OES Southern Duty Officer (SDO) will continue to monitor the incident.

# **SITUATION SUMMARY**

## **SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County**

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- 06/06/2015 Incident Command Post (ICP) Executive Summary attached.

## **Proclamations**

- Governor Brown Proclaims a State of Emergency in Santa Barbara County to Assist Oil Spill Response.
- <http://gov.ca.gov/news.php?id=18967>
- A Proclamation from Santa Barbara County has been received. The County is not requesting CDAA at this time.
- On 05/22/15 City of Goleta submitted a Proclamation of Local Emergency. The City is not requesting CDAA at this time.
- On 05/23/15 the University of California Santa Barbara submitted a Proclamation of Campus Emergency with no requests at this time.

## **Activations**

On 05/27/15:

- The State Operations Center is activated at Level 1.
- The Southern Region Emergency Operations Center (REOC) is activated at Level 1.
- Santa Barbara EOC is activated at Level 1.
- The ICP, is located at 461 S. Fairview Ave., in Goleta, and has an Operational Period of 48 hours: 0700 to 0659 hours
- Ventura County OA EOC is activated at Level 1.

## **Missions**

- 2015-SREOC-12905 - 05/30/15, Ventura County EOC requested four CMS boards, which were provided by Caltrans for seven days with the message: "BEACHES OPEN AVOID CONTACT WITH TAR/OIL VCEMERGENCY.COM".
- Per the Cal OES Southern Duty Officer, mission has been completed and closed.

# **SITUATION SUMMARY**

## **SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County**

### **Deployments**

- Unified Command
  - Federal on Scene Coordinator: US Coast Guard (USCG) & the Environmental Protection Agency (EPA).
  - State on Scene Coordinator: CA State Parks & CA Fish and Wildlife (CDFW).
  - Local on Scene Coordinator: Santa Barbara County Office of Emergency Management (OEM).
  - Tribal Coordination: Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.
  - Responsible Party: Plains All American Pipeline LLC.
- Cal OES Deployments
  - Two ESC's from Cal OES Southern Region, Ports and Harbor Representative
  - Two ESC 's from Cal OES Southern Region, Agency Representative

### **Responding Agencies**

#### **Federal**

- USCG, Pipeline and Hazardous Materials Safety Administration (PHMSA), EPA, US Fish and Wildlife, and NOAA.

#### **State**

- Cal OES, CA State Parks, Cal OSPR, CA Fish and Wildlife, Cal Volunteers, CA Department of Transportation, California Highway Patrol , University of California Santa Barbara and California Coastal Commission.

#### **Local**

- Santa Barbara County OEM, Ventura County Sheriff's OES, Santa Barbara County Fire Department, City of Santa Barbara, Santa Barbara County Sheriff , Gaviota Police Department, Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.

# SITUATION SUMMARY

## SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

### • **Response and Clean Up Efforts**

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- An investigation of the shoreline has revealed approximately 51.70 miles of shoreline impacted by the oil spill. Total shoreline area impacted by the oil spill is approximately 40.30 miles. Impacts to the shoreline have been identified as follows:
  - As of 06/06/15 at 2000 hours, offshore skimming operations resulted in 0 gallons of oily water mixture being collected, making the cumulative total of 14,267 gallons since the initial notification.
  - Four Shoreline Clean-up Assessment Teams (SCATs) have been surveying shoreline to assess extent of impact. Most areas are under 30% coverage.
  - As of 06/06/15 at 2000 hours, the following has been collected onshore:
    - 660 cubic yards of oiled sand
    - 660 cubic yards of oiled vegetation
    - 300 cubic yards of oiled debris/PPE
    - 3,840 cubic yards of oiled soil
    - 70 cubic yards of culvert soil
    - 165 yards of absorbent
  - A majority of the onshore oil impacts exist on beaches, cobble, riprap, and on rock faces between Arroyo Hondo (Santa Barbara County) and El Capitan Beach. Light oiling has been discovered as far as Point Mugu (Ventura County) to the east and 2 miles west of Arroyo Hondo to the west.
  - As of 06/07/15 at 0800 hours, approximately 79.71 miles of shoreline was assessed, of that:
    - 3.97 miles was heavily impacted
    - 18.23 miles was moderately impacted
    - 24.13 miles was lightly impacted
    - 4.68 miles was very lightly impacted
    - 21.68 miles was reported with tar balls
    - 7.02 miles was identified with no impact.
  - To date, the total miles of impacted shoreline are, 72.69 miles.
  - Chumash Tribal Members continue to provide cultural and archeological guidance and oversight as needed. As of 6/06/15 at 1900 hours 54 cultural monitors and 10 archeologists are supporting the response.

### **Wildlife**

- The Oiled Wildlife Care Network (OCWN) continues to conduct wildlife monitoring and recovery efforts.
- As of 06/06/15 at 1900 hours, CDFW reported 60 birds captured, 149 birds dead for a cumulative total of 209 Birds; 44 mammals captured, 72 mammals dead for a cumulative total of 116.

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# **SITUATION SUMMARY**

## **SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County**

### **Resources**

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- As of **06/06/15 at 2000** hours, there are a total of **1,266** personnel from all organizations currently responding to the incident. There are **119** personnel in the ICP, **1,147** in field operations.
- There are currently 17 vessels being utilized to perform boom, skimming operations, and decontamination offshore. Vessels not currently in use are being staged in the Ventura Harbor.
- There are 2 contracted aircraft (helos) deployed to this incident.

### **Public Information**

- Joint Info Center (JIC) has been established.
  - JIC WEBSITE: <http://www.refugioresponse.com>
  - Future media inquiries regarding Refugio State Beach oil spill should call: **805-770-3682**.
- A Third-Party Claims telephone number has been established for businesses and others to report economic losses or costs due to the oil spill: 1-866-753-3619.
- The Community Relations Unit is drafting a proposal for a roundtable discussion with key stakeholders of the Santa Barbara business community to include the Chamber of Commerce.

### **Volunteers**

- California Volunteers is leading the efforts to coordinate spontaneous volunteer activities related to the Refugio Incident. Volunteer activities are currently on hold. Cal Volunteers will continue to monitor the situation and identify any additional opportunities for volunteer beach cleanup events.
- The public can assist by visiting this website <https://calspillwatch.dfg.ca.gov/Spill-Archive/Refugio-Incident/Volunteer> or by reporting oiled wildlife by calling 877-UCD-OWCN (not a volunteer line).

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Weather of Concern**

- The recent cooler than normal weather will be replaced by very warm to hot readings on Monday, 06/08/15 for most inland locations. In light of the recent string of cooler than normal days, many people may be caught off guard by the warm-up. Widespread mid 80s to mid 90s are expected with a few spots into the lower 100s through Monday afternoon and evening. Most inland locations and the South Bay will be impacted; however, this does not include the city of San Francisco.
- A heat advisory is now in effect for the following: Alameda, Contra Costa, Marin, Monterey, Napa, San Benito, San Mateo, Santa Clara, Santa Cruz, and Sonoma Counties.

**Active Weather Warnings, Watches and Advisories by County:** [http://www.wrh.noaa.gov/sto/brief/wwa\\_bc\\_cal.php](http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php)

# HOT WEATHER INLAND ON MONDAY!

HEAT ADVISORY IN EFFECT FOR MONDAY AFTERNOON AND EVENING

## Temperatures

- Inland – mid 80s to mid 90s with isolated lower 100s
- Coast – 70s to lower 80s

## Heat Safety Tips

- Drink plenty of water, non-alcoholic and decaffeinated fluids.
- Reduce, eliminate or reschedule strenuous activities until the coolest time of the day.
- Wear lightweight, light-colored clothing.
- Never leave children, disabled adults or pets in parked vehicles.

*Be a Force of Nature* by knowing your risk, taking action and being an example in your community.

@NWSBayArea

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

A low pressure system over Northwestern California will bring chances for showers and thunderstorms across the interior early next week. High temperatures across the interior will be well above normal through next week while near seasonal temperatures will persist near the coast.

#### **Medford Weather:**

Offshore low level flow is in place this morning with mostly clear skies over a large portion of extreme northern California. A long wave upper ridge is present which will make for a very hot Sunday and Monday for northern California with near record highs inland.

#### **Reno Weather:**

Warming and drying is expected Sunday and Monday as the low pressure system pulls away. Another low may bring an increase in storms again for the middle of next week. Temperatures will warm above seasonal averages over the next several days.

#### **San Francisco Weather:**

High pressure building over northern California during the next two days will result in dry weather along with a significant warming trend with temperatures forecast to be well above seasonal averages by tomorrow. Slight cooling is then expected for the middle of next week as an upper level low moves into central California. That low may trigger midweek showers and isolated thunderstorms mainly over Monterey and San Benito counties.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Sacramento Weather:**

A few thunderstorms are possible near the Sierra Crest Sunday and Monday, but dry over valleys. There are increased chances for thunderstorms Tuesday and Wednesday. Well above normal temperatures Sunday through Tuesday with Monday being the hottest day.

#### **Hanford Weather:**

Low pressure will move away from Central California later today and tonight with a ridge of high pressure building Monday and Tuesday. A secondary low pressure area will form well offshore on Tuesday moving into Central California on Wednesday. Moisture from Hurricane Blanca will become entrained into the low and bring a threat of thunderstorms to the forecast area

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# WEATHER

## WEATHER SYNOPSIS BY REGION: SOUTHERN CALIFORNIA:

### **Los Angeles Weather:**

A warming trend is expected through early next week as low pressure aloft drifts west and high pressure develops. There is a slight chance showers on Tuesday and Wednesday across the area as remnant moisture from Hurricane Blanca moves across. Varying amounts of low clouds and fog will continue across the coastal plain through next week.

### **Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

A weak low pressure system centered well off the southern California coast southwest of Point Conception will drift slowly northward through Tuesday then move inland through California Wednesday. Inland warming today will continue on Monday and expand toward the coast with gusty east winds on Monday morning in the mountains. For late Monday night and Tuesday moisture from the remnants of Hurricane Blanca will be drawn northward into the southwest states. That will bring a chance of showers and thunderstorms especially in the mountains and deserts. The moisture in the mountains and deserts will gradually decrease for Wednesday through Friday with a slight chance of afternoon thunderstorms remaining for the mountains for Wednesday and Friday afternoons.

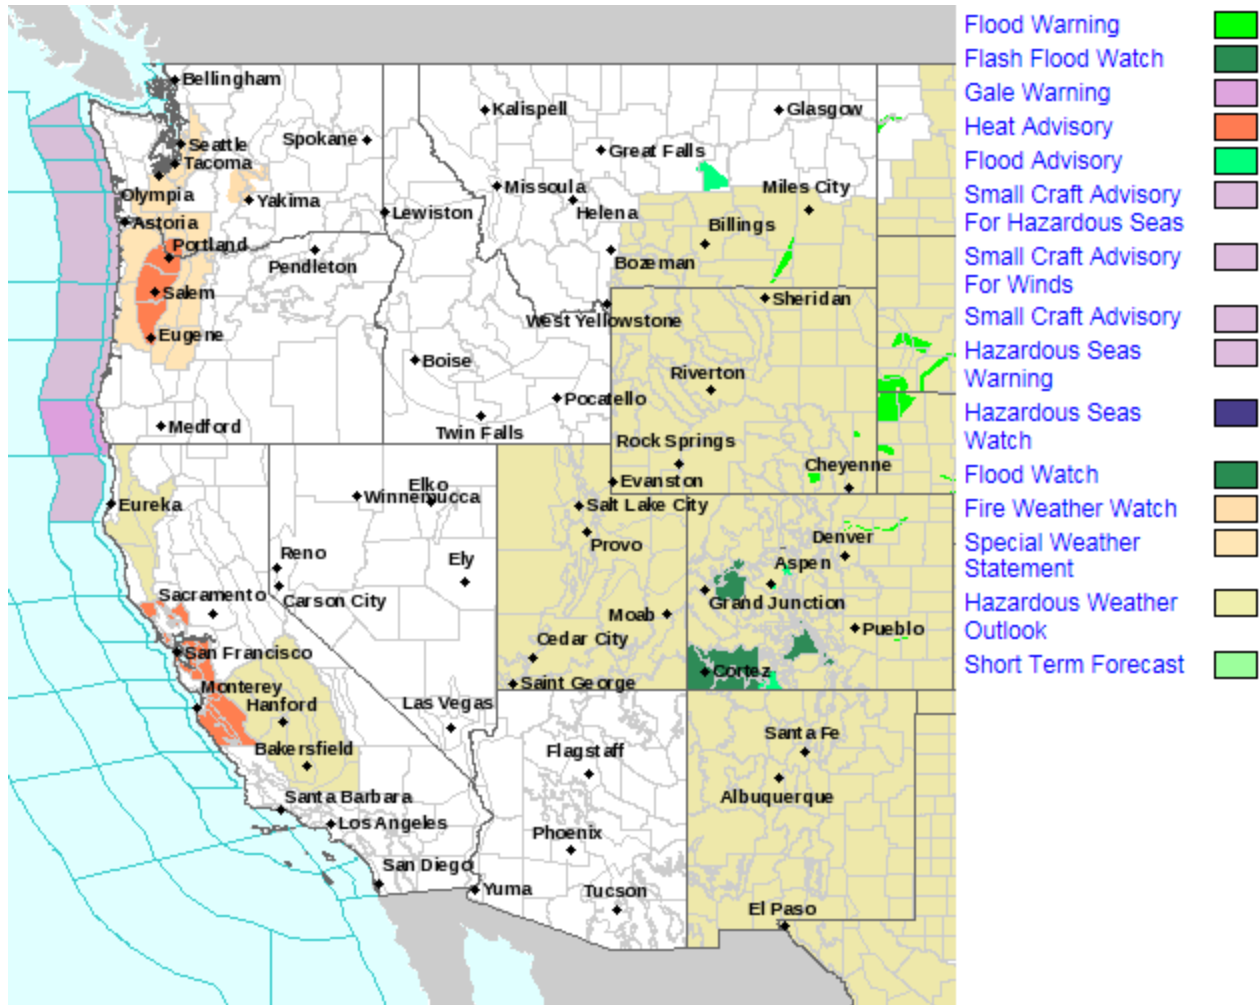

### **Southeast California Weather:**

Drier westerly winds today and Monday will produce mostly clear skies and warmer afternoons. However, clouds from former Hurricane Blanca will increase from the south later Monday afternoon and evening. By late Monday night and early Tuesday, remnant hurricane moisture will surge into southeastern California leading to a chance of rain Tuesday and Tuesday night. A cooler Pacific low pressure system will generate another chance of showers and thunderstorms Saturday.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

### **Local Emergency Proclamations:**

**A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

## The National Domestic Preparedness Consortium

The National Domestic Preparedness Consortium (NDPC) is charged with training the nation's first responders. The consortium is comprised of seven members, each of whom brings a different area of expertise in the field of emergency preparedness training. NDPC training comes at **NO COST** to local agencies and includes courses that address the most urgent emergency preparedness needs.

### NDPC Training Partners

- Center for Domestic Preparedness in Anniston, AL
- Energetic Materials Research and Testing Center at New Mexico Tech
- National Center for Biomedical Research and Training at Louisiana State University
- Texas A&M Engineering Extension Service National Emergency Response and Rescue Training Center
- National Nuclear Security Administration/CTOS-Center for Radiological/Nuclear Training
- National Disaster Preparedness Training Center at the University of Hawaii
- National Center for Emergency Response for Surface Transportation in Pueblo, CO

Visit [www.ndpc.us](http://www.ndpc.us) for more information on the courses offered by NDPC's Training Partners.
